Description

Stepping across the threshold, you are greeted by a grand hallway (doubling up as a reception room) with flagstone floor and inglenook open fireplace which leads to a snug with brick fireplace and electric stove, formal dining room with stone fireplace and lounge enjoying an inglenook fireplace, wood burning stove and french doors to the garden. The modern farmhouse style breakfast kitchen boasts a wood burning ESSE range, electric oven and belfast sink.

Accessible via the hall, the remainder of the ground floor features a workshop, walk in storage room, utility/shower room with WC and front facing office (or sixth bedroom).

The cellar is a great space for storage and optimal conditions for wine (a nod to it's past life as a public house - the Bear and Staging Post!)

The first floor features a substantial master bedroom with feature fireplace and modern en suite shower room and there are three double bedrooms (two with built in cupboards), single bedroom and a contemporary traditional style house bathroom.

There are five large boarded loft rooms accessed via an enclosed staircase from the first floor landing, currently used as additional storage.

The property is of timber frame construction with lath and plaster and painted brick infill, built in the early 17th century with some mid C19 and mid C20 alterations.

The king-post within the loft features a fleur-de-lys within the relief.

Outside

A set of gates at the side of the property opens onto a block paved driveway suitable for multiple vehicles and extends into the rear garden which is predominantly laid to lawn with paved terrace and hedged and fenced boundaries.

Planning

Listed building consent has been granted for a double garage.
